

# 5 & 10 day

## Art of Science Camp Package Options

Each camp complete with:

- ➔ Daily Progressive Science Experiments
- ➔ Hypothesis logs to track
- ➔ Artistic elements added
- ➔ Wrap up Science Fair – Open to Community

**sbegroup.ca**

# Magic Molecules

## *Art of Science Camp*

### 5 days of Youth Science Experiments with Science Fair

Color changing celery vs. Flowers

Magic milk vs. Skittles magic

Slime bouncing balls vs. Bouncy Borax balls

Regrow green onions vs. lettuce

Bean seed vs. Sunflower seeds

Lava lamps vs. Dancing raisins

Growing Mold vs. Decomp in action

Parachutes

Elephant toothpaste vs. Baking soda

Vinegar vs. Erupting Soda

Air dry clay

Shaving Cream clouds

Making poster for science fair booths

Science Fair - open to community!

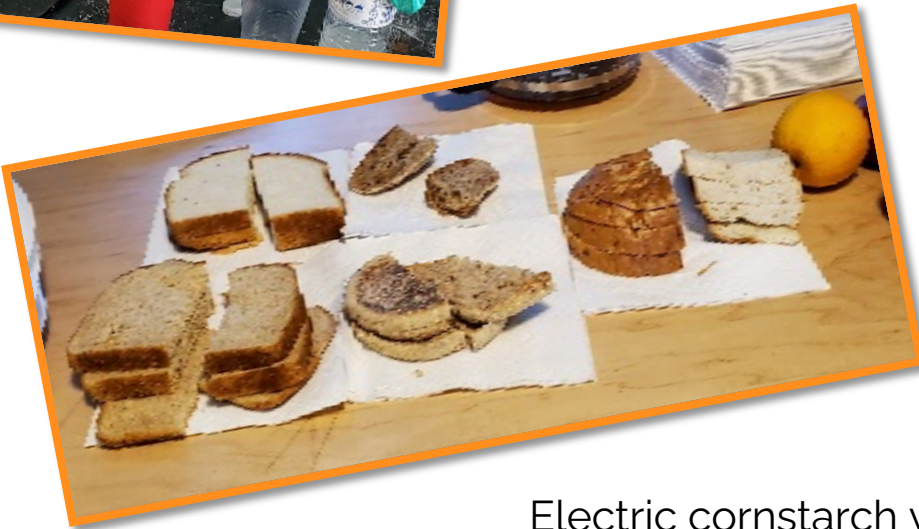

**sbegroup**.ca

# Energy Emporium

*Art of Science Camp*

**5 days of Youth Science  
Experiments with Science Fair**

Burping Bag vs. Inflating balloon

Bread in the bag

Magic star, Crazy coco, Pockel's pepper

Strawberry DNA

Cabbage chemistry

Orange fizzy

Milk plastic

DIY heart model

Density tower

Marble race

Electric cornstarch vs. friction in a bottle

Marble paper

Chromatography

Salt crystal leaves and things

Super sound popper vs. vortex cannons

Musical instruments

Science Fair - open to community!

**sbe**group.ca

# Shifting Science

*Art of Science Camp*

5 days of Youth

Science Experiments with Science Fair

Rocky candy

Glow Crystals vs. Borax Crystals Project

Pom Pom drop

Bouncy eggs vs. Coke eggs

Paper bridge vs. popsicle bridge

Baking soda painting vs Regular painting

Marble Obldeek vs. kinetic sand

Balance Force Mobiles vs. Windchimes

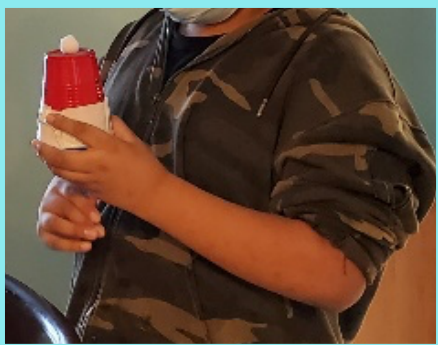

Stethoscopes vs. Tin Can Phones

Bubble Painting vs. Paper Tower

Air dry clay mold and Bacteria Creatures

Making poster for Science Fair booths

Science Fair - open to community!

# Biology Bananza

*Art of Science Camp*

**5 days of Youth Science  
Experiments with Science Fair**

Making electricity with food vs. Static electric cornstarch

Parachute with eggs vs. Zipline eggs

Crash test eggs

Salt painting vs. Fireworks in a glass

DIY Optical illusions vs. Balloon fingerprints

Making a thermometer

Bath bomb science

Will it float make your own boat

Kaleidoscopes

Seismographs Project

Nonelectric Robot arms

Science Fair – open to community

# Build your own!

*Art of Science Camp* 10 Day Options:

Choose your base 5 days:

Magic **OR** Energy  
Molecules Emporium

Build your *additional* 5 days:

Biology **OR** Shifting  
Bananza Science

Each option complete with Science Fair –  
open to the whole Community!
