

## YOU ARE VITAL TO YOUR STUDENTS....

This full day workshop is designed for Education Assistants. As Education Assistants, you are a integral part of the school system in your community. Without you many students would not reach their full potential, you empower, encourage and facilitate their learning.

In this 5 hour workshop we will cover the following:

- Your role in the classroom / community
- Working with your students
- The science of teaching and learning
- Reporting
- Documenting
- Following Individual Education Plans (IEP)
- Working with students with disabilities
- Confidentiality

We will cover these topics with large and small group activities. There will also be time for group discussions and sharing. You will walk away knowing the powerful role you play in your school and many new skills.
